PREY OF LOST BABY

Three-Year-Old Boy Found by Parents After Wild Night in Woods.

I By Telegraph to The Tribune 1 May's Landing, N. J., July 5. After spending a night in the woods. Valentine, the three-year-old son of Mr. and Mrs. V. Dobbe, of this place, was found by his father this morning two miles from Lenape Park, where the family had gone to spend the holiday. The child was wet to the skin and

while his parents were eating last evening the boy wandered away unobserved. It is believed he followed a fire balloon that was sent up at the park. He was missed almost immediately, and two hundred persons started the search.

the search.

Some advanced the theory that he had been kidnapped, while others thought he had been drowned. The lake twas dragged without any result. It started to rain shortly after midnight and mosquitoes became active. Several miles were covered, but no trace of the child was found. By 6 o'clock this two morning only a dozen remained in the search, including the parents.

Shortly before 8 o'clock, nearly two miles from the park, the father found the boy. He had lain down during the night at the mercy of mosquitoes. He is thinly clothed and near death from

HIMSELF AGAIN

18; Cable to The Tribune 1 Mexico City, July 5.—Huerta polled an almost unanimous vote for President in the elections to-day, but it is thought that the elections will be de-

clared invalid. General Blanquet, Huerta's Minister of War, was the favored candidate for bank. Vice-President.

The elections were held in all that part of Mexico controlled by Huerta and included Deputies and Senators. In Mexico City few votes were cast

never could be regarded as legal, since the government is powerless to comply with the provisions of the law that the votes be cast freely throughout the territory. No announcement has ever

himself and General Blanquet for the respectively, as he did last year, is the story brought here to-day by a judge With her arrival here yesterday from Southampton it was learned that the American liner St. Paul was unpleas-lots, publish an announcement that an

Southampton it was learned that the american liner St. Paul was unpleasing the passengers into a still worse panic.

The big auto had been able to stop. Its driver saw the accident and at once turned round and speed away at high speed in the direction in which he had come before any one had a chance to take the number or even notice how many persons were in the car.

Earely had the train been stopped than the fire spread from the bed of the coach to the automobile, beneath the weekage of which Molostowsky and the two girls were pinned. Three Jamaics policemen, Sergeant Edward Freese and Patrolmen Albert Goss and John Deboe, threw the burning automobile out of the flames and carried that the coach of the flames and carried that the coach of the flames and carried the three victims out of the reach of the fire.

Southampton it was learned that the coited instructions to prepare the ballots, publish an announcement that an clots, publish an announcement that an cleetion was to be held and to establish to see to it that all votes cast were for Huerta and Blanquet.

According to this judge, he inquired the suburbs of Trenton, N. J., to-day after a thrilling flight and forced the penalty should he fail to follow these instructions. He was told that the colled and Blanquet.

According to this judge, he inquired the suburbs of Trenton, N. J., to-day after a thrilling flight and forced the penalty should he fail to follow these instructions. He was told that the other vessel's siren dead ahead I to see to it that all votes cast were for Huerta and Blanquet.

Several bassengers who were awakened by the fog signals said they saw to be held and to establish to see to it that all votes cast were for Huerta and Blanquet.

According to this judge, he inquired the suburbs of Trenton, N. J., to-day a five policy to the penalty should he fail to follow these instructions. He was told that the other was all the same. She he was defined the same that the other vessely sind the same the polling places in the usual manner, but to se

authority. A Constitutionalist agent said that possibly the agreement had already ocen made. If not, he said, it would be made soon. This agent states that the difficulty between Villa and Carranza was being adjusted to the satisfaction of all sides and that Villa would hortly renew the campaign against Mexico City.

There is no chance that the election of to-day will receive the slightest recegnition from this government. Even if liverity takes advantage of the op-

ognition from this government. ognition from this government. Even if Huerta takes advantage of the opportunity to get out by declaring some other person than himself elected and turning over the government to what ever person is so proclaimed, the general situation will not be materially altered, for the demand of the United States for an konest and general elec-

ome of Carranza's business affairs particularly the adjustment of the railway situation in Northern Mexico. miles from Lenape Tand the holiday. To-morrow will with the family had gone to spend the skin and fighting mosquitoes hard.

While his parents were eating last evening the boy wandered away unobevening the boy

DIES ON WIFE'S GRAVE Retired Merchant Stricket

While Visiting Cemetery. Henry Grubenbecher, 73 years old, a retired merchant, was found dead last evening in Woodlawn Cemetery on the grave of his wife, whom he buried six months ago. He had died of a broken heart said Dr. Curtin, the Coroner's physician.

physician.
Air. Grubenbecher lived with his son and daughter at 2293 Loring Place, The Bronx. Since the death of his wife he has been very depressed and every Sunday spoke of going to join her when he visited the cemetery. He went yesterday as usual and about 5 o'clock was found lying with his face amid the flowers at the head of the grave.

Muskrats Blamed-Immense Damage to Nearby Farms.

Rochester, July 5. Forty feet of the north bank of the Eric Canal, near lock 63, cast of this city, went out early this morning, causing damage that will run well into thousands of dollars. The theory is held by officials that muskrats bored under the morning, police and firemen yesterday morning, police and firemen yesterday.

When it let go there was a rush of water into farm lands that covered fields to a depth of four feet for a distance of half a mile. Gardens and back yards in Brighton, a suburb of Rochester, were flooded. In the country eight acres of celery was washed out on one farm.

The setablishes the fact that Michael Auspenti, otherwise known as "Mike Murphy," was the only one of the missing member of the anarchist the subject to the sixth floor. The body was found under a mass of loosened brick and plaster. When it let go there was a rush of
